Safety Data Sheet

1. Identification of the Substance/Mixture and the Supplier

Supplier: National Institute of Advanced Industrial Science and Technology (AIST)
Address: 1-3-1, Kasumigaseki, Chiyoda, Tokyo, Japan
Office in Charge: Reference Materials Office, Center for Quality Management of Metrology, National Metrology Institute of Japan (NMIJ)
Person in Charge: Person in Charge of Certified Reference Materials
Telephone No.: +81-29-861-4059
Fax No.: +81-29-861-4009
Emergency Contact: Same as above

Prepared on: November 5, 2013
Revised on: March 31, 2017
Reference No.: 7532001

Identity of Substance/Mixture: Certified Reference Material NMIJ CRM 7532-a
Recommended Use of the Chemical and Restriction on Use: Arsenic Compounds and Trace Elements in Brown Rice Flour
Recommended Use: This reference material can be used for in controlling the precision of analysis, or confirming the validity of analytical methods or instruments during the analysis of arsenic compounds and trace elements in rice and other grains. Do not use this reference material for other purposes than testing/research.

2. Hazards Identification

GHS Classification: Unclassifiable
GHS Label Element: -
Signal word: -
Hazard and toxicity: -
Other hazard and toxicity: In case of inhalation of powder or dust in large quantity, its accumulation in respiration organs may cause health hazards.
Precautionary statement:

[Safety Precaution]
Low risk in ordinary operations.

[First-Aid Measures]
When powder or dust is inhaled in large quantity, check with a respiratory disease specialist.
In case of eye contact, wash eyes with plenty of clean water and seek medical attention if necessary.

[Storage]
Store the sample in a clean place at room temperature protecting from sun light.

[Disposal]
The content or the container should be incinerated in an appropriate incinerator, or outsourced to a professional industrial waste disposal...
3. Composition/Information on Ingredients

Single or compound: Single product

Chemical name: Brown rice
Synonym: -
Chemical formula: -
Molecular weight: -
CAS number: -
Content: Over 99 %

Reference Number in Gazetted List in Japan:
Act on the Evaluation of Chemical Substances and Regulation of Their Manufacture, etc.
Industrial Safety and Health Act:

Except this CRM contains ingredients shown below:
Mg, Ca, Mn, Fe, Cu, Zn, As, Cd.

4. First-aid Measures

Eye contact: Wash eyes with plenty of clean water. Seek medical attention.
Skin contact: Wash the skin with plenty of clean water.
Inhalation: Remove the exposed person to fresh air. Keep them steady and warm. Provide them medical attention.
Ingestion: Rinse the mouth well with water. Contact a physician.

Estimated acute and late symptom:
Protection of first-aiders: Use personal protective equipment.

5. Fire-fighting Measures

Extinguishing media: Fire extinguishing media corresponding to the fire in the periphery area.
Specific hazards at the time of fire: None
Specific extinguishing measures: Remove combustion sources away from the seat of the fire and extinguish with fire extinguishing agent. If possible, promptly transfer the container to safe area. If unable to transfer, cool down the periphery with water spray.
Protecting fire-fighting personnel: Use protective equipment such as fire-resistant clothing, heat-resistant protective clothing, protective clothing, air-breathing apparatus, closed-circuit self-contained oxygen breathing apparatus, rubber gloves, rubber boots, etc.
6. Accidental Release Measures

**Personal Precaution:** Immediately remove potential ignition sources from surrounding areas. Make fire-extinguishing tools available to prepare for fire ignition.

**Personal Protective Equipment and Emergency Procedures:**
Ventilate the affected area thoroughly until the clean-up operation is completed when accidental release takes place indoor. Use appropriate personal protective equipment during the operation to avoid skin contact of splash etc. and inhalation of dust and gas.

**Environmental Precautions:** —

**Recovery and Neutralization:** —

**Secondary Disaster Prevention Measures:** Surround the area by a rope, etc., to prevent unauthorized people from entering it. Work from the windward side and evacuate people to the windward side.

7. Handling and Storage

**Handling**

**Technical measures:** None.

**Local ventilation and general ventilation**
In case steam or mist is generated, seal the source and provide local exhaust ventilation.

**Precautions for safe handling:** Avoid rough handling such as dropping, shocking, dragging, or otherwise agitating the container.
Seal the container after use.
Wash hands, face, and other necessary parts thoroughly, and gargle after handling.
Do not eat, drink, or smoke in places other than the designated areas.
Do not bring gloves and other contaminated protective equipment into the break area.
Only authorized people are allowed in the handling area.
Wear appropriate protective equipment to prevent inhalation, or contact with eyes, skin, or clothing.
When handling indoors, provide local exhaust ventilation.

**Storage**

**Appropriate storage conditions:** Store the sample in a clean place at room temperature protecting from sun light.

**Safe packaging materials:** Glass

8. Exposure Controls/Personal Protection

Considerations for safety management
Not established
Administration level
Not established

Occupational exposure limit
- ACGIH TLV-TWA : Not established
- Japan Society for Occupational Health Recommended Reference
  - OSHA PEL TWA : Not established

Facility engineering
- Ventilation, exhaust : Local exhaust ventilation or a whole exhaust system.
- Safety management, gas detection : -
- Storage precaution : Seal.

Protective equipment
- Respiratory organ : Dust protective mask
- Hand : Protective gloves
- Eye : Safety goggle
- Skin and body : Protective clothes

9. Physical and Chemical Properties
- Appearance, etc. : Powder
- Color : Light brown
- Odor : No data
- pH : No data
- Melting point : No data
- Boiling point : No data
- Flashing point : No data
- Explosive range : No data
- Vapor pressure : No data
- Relative vapor density (Air=1) : No data
- Specific gravity or bulk specific gravity : No data
- Solubility : Possibly soluble in water
- Octanol/water partition coefficient (Log Po/w) : No data
- Auto-ignition temperature : No data

10. Stability and Reactivity
◇ Stability
  - Stable under normal condition
◇ Reactivity
  - No data available
◇ Conditions to avoid
  - Sunlight, humidity
◇ Hazardous decomposition products
  - No data available
11. Toxicological Information
Skin corrosivity/irritation: None
Severe damage to eyes/eye irritation: Irritation possible
Respiration organ sensitivity: If inhaled in a large amount, the accumulation in respiratory organ causes impairment.

12. Ecological Information
Degradability, concentration: No data available
Bioaccumulation: No data available
Ecotoxicity: No data available

13. Disposal Considerations
Outsource to a professional industrial waste disposal contractor licensed by the prefectural governor.

14. Transport Information
UN No.: Not applicable
UN classification: Not applicable
Material name: -
Container grade: -
ICAO/IATA: -
Marine pollutant: Not applicable
Precautions: Transfer carefully avoiding direct sunlight and prevent the container from dropping, overturning, etc.

15. Regulatory Information
No applicable laws and regulations

© The information in this document is not intended to be exhaustive and is based on currently available information and data. The measures given in this document are applicable only to normal handling conditions. When handling this reference material under special conditions etc., it is recommended to take safety measures appropriate to each specific application and context of use. This document is intended to provide information and not intended to guarantee anything in handling this reference material.
16. Other Information

Others
The information in this Safety Data Sheet is not intended to be exhaustive and is based on currently-available information and data. The precautions given in this data sheet are applicable only to normal handling conditions. When handling this reference material under special conditions etc., it is recommended to take safety precautions appropriate to each specific application and context of use. This Safety Data Sheet (SDS) is intended to provide information and not intended to guarantee anything in handling the reference material.
